PROFILE

Stunt performer and fight choreographer working across Norway, Europe and Turkey. NOKUT-accredited vocational diploma in stunt performance (2023), grade A in every subject. Founder of Battleblade Productions. I design, previz, film and edit action myself, so I think about the camera from the first rehearsal.

> "The precision, choreography, and timing in your stunts were impeccable... consider moving in the direction of fight choreographer/action director, as your unique vision and execution are exactly what the industry needs."
